

QUERIES AND QUERY CYCLE

Monthly Meetings are encouraged to answer a Query each month at their Meetings for Business and record the answers in their minutes. While Friends often ponder the answers as individuals, Clerks are reminded that recorded answers should reflect the corporate body and be worded appropriately.

Query answers from each Monthly Meeting are made available to Quarterly Business Meeting. They are read aloud by a Monthly Meeting representative. If a representative is not available, they are read by an office of the Quarter, or a Friend designated by the Clerk.

Although there are four Queries for each quarter cycle, only one of these is addressed at each Quarterly Meeting Business. The Query answer to present is selected from the following table.

Year	Month	Query	Year	Month	Query
