Playing in the Light:

Godly Play®/Faith & Play™ Training for Quakers

A weekend with Melinda Wenner Bradley & Michael Gibson

Co-sponsored by Friends General Conference

Faith & Play™ is a Montessori-inspired resource that helps children find words and images for expressing the experiences of holy mystery and wonder in their lives. Using stories, tools, and methods from the very successful Godly Play®, Faith & Play™ was created by Quakers to add elements from Quaker faith and practice to core Bible stories.*

Learn and practice skills to help children explore the existential limits of their lives through wonder, play, and core stories scripted and tested to work well with multiage groups of children. Certified trainers will model the stories, and you will have opportunities to practice them with your peers.

**Faith & Play™ is a collaborative project of Friends General Conference and the Faith & Play Working Group of Philadelphia Yearly Meeting.*

Michael Gibson and **Melinda Wenner Bradley** are certified Godly Play® teachers and teacher trainers who have trained Friends throughout the United States. Both are founding members of the Faith & Play™ Working Group of Philadelphia Yearly Meeting, which Melinda clerks. Michael served as Faith & Play™ Coordinator for Friends General Conference. Melinda has used Godly Play® and Faith & Play™ with children in First Day School and Friends school classrooms for more than eight years.
