**Delaware Repeal is a coalition of 28 organizations, community partners, faith leaders and individuals dedicated to repealing the death penalty in our State.*

Senate Bill 19 is a bipartisan bill that will repeal the death penalty in Delaware.

SB 19 passed in the Senate in March 2013, and then moved on to the House of Representatives Judiciary Committee. In Committee, SB 19 was tabled. The bill is still alive and we have the opportunity to see it pass, but it will only happen with increased support from Representatives.
