

## Report of the Committee on Historic Meetinghouses

Fourth month 2014

During 2013, Meetings for Worship were held at Homeville, Pennsgrove and London Britain Meetinghouses on the same schedule as past years. We are grateful that Newark Meeting worships at London Britain during the Summer, as this shows the community that the Meetinghouse is important and cared for. The annual art show in eighth month also brings in the community.

Friends may be interested to know that the Homeville Cemetery Board carried out extensive exterior repair work on the Meetinghouse last year, to which the community donated a significant amount.

We look forward to the Meetinghouse tour being planned for this Summer in conjunction with London Grove Meeting's 300th Anniversary as yet another way to introduce our history to Friends and non-Friends alike.

For the Committee
