Indicate below what time you want to participate in each activity.

Brickmaking (great, messy fun appropriate for all ages)

Participants will make a commemorative brick to keep; bricks will need to be dried and will be available to pickup at the Meeting House later in the summer. The process can be messy - stomping in clay pits, kneading the clay, and pushing it into a form. Wear easy-to-clean clothes! **Space is limited to 12 people at each session.**

10 a.m. _____ 11a.m. _____ 12 p.m. _____ 1p.m. _____

Sand casting (recommended for ages 5 and up, but younger children may be interested)

Participants will make a sprocket gear by pounding fine sand into a form and creating a mold by pushing a wooden sprocket pattern into it. Newlin staff will then pour melted pewter in the mold but participants won't get near the pewter till it cools! Due to the cost of materials an additional fee of \$10 will be charged if you want to take home the gear you make. Payment can be made to Newlin Grist Mill by cash, check, or credit cards.

Space is limited to 20 people at each session.
