Minute of Appreciation for Wilmington Friends School

Western Quarterly Meeting would like to Minute our appreciation for the generosity of Wilmington Friends School in the hosting of our joint Quarterly Meeting Session with Concord Quarter on April 28, 2019. Everyone felt welcomed and embraced by the willing support of staff and board members alike. Participants remarked on the beautiful school, as it was the first visit for many. It was wonderful to gather in a space both large and flexible enough to meet all of our needs – and then some. The children delighted in having their own program space, while the adults enjoyed the spacious Meeting Room, as well as break out rooms for conducting business. Parking was easy, and we all appreciated eating lunch in a high school cafeteria again. We are grateful to be in partnership with Wilmington Friends School.

Minute of Appreciation for Newark and Wilmington Friends Meetings

On April 28, 2019 Concord and Western Quarters gathered for joint Quarterly Meeting session held at Wilmington Friends School. Western Quarter sends this Minute of Appreciation to Newark and Wilmington Friends Meetings for their extra support as hosts of this event. The lunch of sandwiches, sides, drinks and desserts was so delicious and plentiful. The efforts of these Friends fed a crowd of nearly 100 people – so many that we actually ran out of plates. Hosting an event at an off-site location can be challenging, but Newark and Wilmington Friends managed without a hitch.
